Hoc signo Fortuna.

BALTIMORE—FRIDAY, OCTOBER 9, 1829.

## Drawing of the 6th State.

The Official list of Prizes in the MARYLAND STATE LOTTERY, No 6 for 1829, the drawing of which took place yesterday, will be found on the next page.—We have the pleasure to announce, as usual, a continuation of good fortune attending the investments of distant adventurers at COHEN'S OFFICE, where the Capitals were sold. The Capital of FIVE THOUSAND DOLLS. came out to No. 9435, and is held in Shares, viz. *One Half* at Norfolk, in Virginia, *One Quarter* in Charleston, S. C. and *One Quarter* in this City.—The THOUSAND DOLL. prize was divided in Quarters, and all owned by distant adventurers, at Elkton, Md. Portsmouth and Charlestown, Va and Chambersburg, Pa.—The 500 DOLL. prize was purchased in person by a merchant of Loudoun Co. Va. in a whole ticket.

The 200—100's and 50's were variously distributed and held part in whole tickets and part in shares in this City and at *Chester town* and *Fredrick*, Md. *Tappahannock*, and *Brunswick* Va. *Greensburg* Pa. *Paris* Ky. and *Zanesville* O.

The Capital prize, it will be noticed came out to an ODD NUMBER (9435) consequently all the Odd Numbers in the scheme, being those ending either with 1, 3, 5, 7, or 9, are entitled a prize of *Three Dols.* each; and in addition to any other prize which they may have drawn.

The Holders of the prizes will please present them either in person or by mail as may be most convenient. Their instructions as to remittance will be attended to with our accustomed exactness.

J. I. COHEN JR. &amp; BROTHERS.

## The Next Lottery.

We have the pleasure to present on an adjoining page, the MARYLAND STATE LOTTERY, No. 7, for 1829—a BRILLIANT SCHEME, the drawing to take place in Baltimore on the 25th of NEXT MONTH (November.) This period has been fixed, for the purpose of allowing time for adventurers at a distance to send on their orders, which as usual, will meet prompt attention. The capital prize is TEN THOUSAND DOLLARS—more prizes than blanks in the scheme, which is arranged on the ODD AND EVEN SYSTEM, being the most popular, in consequence of the small risk attending investments, there being a *certainly of obtaining at least one prize* in the purchase of two tickets or two shares, and may draw three!

Whole Tickets, \$4 | Quarters, \$1.

Halves, - - 2 | Eighths, - 50 cts.

Orders from any part of the United States, either by mail, post paid, or private conveyance, enclosing the Cash or Prize Tickets, will meet the same prompt and punctual attention as if on personal application. Address to

J. I. COHEN, Jr. & BROTHERS,  
Baltimore.

We have received permission from THOMAS BALL, Esq. of Kilmarnock, Lancaster County, Va, to mention his name as the fortunate owner of the capital prize of TEN THOUSAND DOLLARS, drawn in the Maryland State Lottery, No. 2, on the 3d June last.—We are pleased in being able to make this announcement, as it is a gratification to adventurers generally, to learn the names of individuals who are fortunate in the various lotteries.

FALL GOODS.—We have the pleasure of informing our country friends, that the usual extensive supply of Fall Goods, of every description, and fashion, embracing the most extensive variety, in the stock of DRY GOODS, Hard and Crockery Ware, is now in the Baltimore Market, brought by recent arrivals from Liverpool. The goods are low charged, of excellent fabric, and of endless variety in pattern, offering an assortment, which cannot fail to meet the wants of the merchant, and enable him to please the taste, and gratify every wish of his customers. In addition to the extensive assortment already in the market, other arrivals from Europe may be hourly looked for, bringing with them further supplies, and the almost daily arrivals from the West Indies and other ports, freighted with the fruits, the spices and the luxuries of milder climes, place the GROCERY Market of Baltimore, first in the consideration of the judicious purchaser.

For the excellent supply of DOMESTICS our city has long been proverbial, and the most extraordinary low rate at which they are now offered, and the immense quantity in the market, should induce every individual to inspect them before he thinks of a purchase elsewhere. We are satisfied that no other can successfully compete with the Baltimore market in the variety of pattern, superiority of fabric, and cheap rate of Domestic Cottons, and many other articles entering into the assortment which is needed for the consumption of the country.

## PRESENT STATE OF THE BALTIMORE AND OHIO RAIL ROAD.

The city division extending from Pratt street to the corner stone, is ready for the reception of the rails, with the exception of a trifling remnant of digging, which may be finished in a week; some of the rails will be laid here next week. The first division which extends from the corner stone to Ellicott's (12 miles) is divided into twenty six sections, thirteen of which are ready for the rails. The other thirteen sections will be finished in two or three weeks, with the exception of the embankment at Gadsby's Run, and the bridges over Gwinn's Falls and the Patapsco. It is supposed, that the bridge over Gwinn's Falls will be sufficiently prepared for the placing of the rails by the 1st of Nov. The deep cut will be done in about two weeks and it is expected that the rails may be laid in a continuous line from the city to Gadsby's Run, by the first of November. The most active exertions are making to finish the immense embankment at the latter place at a very early period; but as it will require some time for the earth to settle, the plan of a continuous line of railway from Baltimore to Ellicott's will probably be suspended till the first of December. The bridge at the Patapsco on the 21st section, will be ready for the rails on the first of December.

The second division which includes the twelve miles immediately beyond Ellicott's, is also in a state of considerable forwardness. It is calculated that the masonry and graduation on this part of the line, a few trifling points of rock excepted, will be completed by the first of November. The first section of the third division will also be finished by that time.

The work done and the difficulties overcome on the first division, considering that the general operations commenced little more than a year ago, is truly a matter of astonishment, and any one who personally inspects the route can scarcely realize the fact that so much could be done by human agency in so limited a period. The digging at the deep cut is equal to the grading of thirty or forty miles of ordinary turnpike.—The soil through which it passes is of so tough a nature that fourteen oxen have to be used to draw a single plough in it. The

embankment at Still-house Run is 55 feet high, and that at Gadsby's 60 feet. Several portions of the road (some of them for a considerable distance) are through solid rock: Buzzard rock was cut through 58 feet in a perpendicular line. The 13th section is through solid rock, with the exception of one ravine.

The bridges on the road are remarkably neat and well constructed. The material principally used is granite, which is found in considerable quantities and of excellent quality along the Patapsco. The abutments, side-walls and road-arch of the bridge over Gwinn's Falls are put up, and the work so far has excited the warm admiration of all who have seen it. Perhaps no bridge in the country can be put in competition with it, for durability of construction or elegance of architecture. The granite column, supported by a pedestal on each side of the abutments, is in excellent taste, and adds much to the general appearance of the whole.

## IMPORTANT CHANCERY DECISION.

On the 25th ult. the question on the motion to dissolve the injunction granted by the court of chancery in the case of the Baltimore and Ohio Rail Road Company, vs. the Chesapeake and Ohio Canal Company was decided by the Chancellor in favor of the Rail Road Company. The important question of prior right, claimed by the Canal Company was considered by the Chancellor as not proper to be decided at this stage of the cause.

## Latest Foreign Intelligence.

By the arrival at New York, of the ship Robert Edwards, Capt. Sherburne, we have London dates to the 26th August, in which, there is intelligence that the RUSSIANS HAVE ENTERED CONSTANTINOPLE.

One of the passengers of the Robert Edwards, saw in the Reading Room, a bulletin issued from the London Royal Exchange, announcing this event; and it was generally believed at Plymouth. A London paper of the evening of the 24th, states, that a Telegraphic Despatch to that effect had been received at Paris.

The Boston papers of Friday, announce the arrival at that port, of brig Goliath, Capt. Davies, from Havre, whence she sailed on the 26th of August. The captain states, that just before his departure, intelligence was received that the Russians had possession of Constantinople.

Helen Maria Williams, whose letters from Switzerland have made so much noise, and who ranked with the first women of this century, lately died at Paris. Her devotion to liberty, and her attachment to Madame Roland and the Girondists are well known. Her *Souvenirs de Revolution*, and her remarks on the revolution of 1688, have added much to her celebrity, and as her private character was amiable, her loss is much deplored.

## Postage on Letters—Important.

In order to lighten as much as possible the expense of postage on the letters to our distant friends and customers, we have so arranged that tickets or shares will be forwarded to them printed on the same sheet on which we write our letters; on all letters therefore sent from Cohen's Office, Baltimore, to any part of the United States, only single postage can be charged, except in cases where the number of tickets or shares ordered, occupy more than one sheet of paper.—We have adopted this mode for two or three months past, and so much to the satisfaction of our distant friends, that many of them have suggested to us the propriety of noticing the arrangement by a paragraph in the Register, which we have thus accordingly done.
